

“Communities in Rakhine State Have Equal Access to Medical Treatment and Health Care Services”

Ministry of Health and Sports (MOHS) has been providing equal health care services for all communities in Rakhine State irrespective of religion, ethnicity, race, gender, or citizenship status. MOHS has been treating patients from all communities at the MOHS’ health facilities all across Rakhine State in accordance with medical ethics without any kind of discrimination.

Patients in Hospitals of Rakhine State during 1-7-2017 to 31-1-2018
