IMPA-BRI Program Application Guide

Academic Year 2023/24

The Silk Road Economic Belt and the 21st-Century Maritime Silk Road initiative, known as the Belt and Road Initiative (BRI), was proposed by Chinese President Xi Jinping and has attracted close attention from all over the world. The five major goals of the BRI are: policy coordination, facilities connectivity, unimpeded trade, financial integration and people-to-people bonds.

The International Master of Public Administration in the Belt and Road Initiative (IMPA-BRI) program is under the “Belt and Road” Talent Development Program, offered at Tsinghua University, hosted by International Cooperation Center (ICC) of the National Development and Reform Commission (NDRC) and Tanoto Foundation China. It is a one-year English Master program delivered by the School of Public Policy and Management, Tsinghua University (Tsinghua SPPM). Developed out of Tsinghua SPPM’s IMPA program, the IMPA-BRI program is particularly designed to expand the scope of cooperation and exchange between countries participating in the BRI and to train promising talents for the BRI countries. Featuring a curriculum that combines course studies, field research and thesis writing, the program aims to help participants gain a

better understanding of China's development experiences and of the BRI, develop their analytical capability for public policy, and build leadership skills necessary for public-sector professionals.

Tsinghua University is one of the most renowned universities in China. With the motto of "Self-Discipline and Social Commitment" and the spirit of "Actions Speak Louder than Words", Tsinghua University has become an important institution for fostering talents and scientific research, and is dedicated to the well-being of Chinese society and the world development. It also has a long tradition of nurturing public leadership. Both the former and current presidents, Mr. HU Jintao and Mr. XI Jinping are Tsinghua alumni.

Tsinghua SPPM was founded in 2000. As the first graduate school in public administration in China, the School's long-term objective is to become a world-class institution that actively engages in teaching, research, and consulting in global public affairs. In July 2013, Tsinghua's Master of Public Administration (MPA) program received the Network of Schools of Public Policy, Affairs, and Administration (NASPAA) Accreditation, which was the first MPA program outside the United States to receive NASPAA Accreditation. In August 2022, Tsinghua MPA program passed the NASPAA accreditation again, and has become the only program in China that has received a second NASPAA Accreditation. Since 2007, Tsinghua SPPM has developed several English programs for international
